

Pleiades

Mayan Star Medicine

Residential Shamanic Course

Saturday 26 - Monday 28

February 2022

@ Xo Ki'in Eco-retreat Centre
Sian Ka'an Biosphere, Tulum

Steeped in mysticism, the Pleiades star cluster appears in traditional stories around the world, from the Greeks to the Native Americans, from the Aborigines to the Mayans, just to name a few. Their legends have enchanted humanity for millennia, inspiring the ongoing investigation into the ancestral connection of humans and the rest of the firmament.

During this first of a series of Mayan Star Medicine courses, you will discover secrets that have been guarded for thousands of years, now ready to be awakened in your consciousness and in your DNA.

In the Mayan cosmo vision the Pleiades are very important multidimensional portals and up to this day the elders remember how to channel their healing energy.

Communication with the "Seven Sisters" facilitates dreams and visions, rejuvenates the body, cleanses the blood of ancestral trauma and aligns the soul with the evolutionary changes of the earth.

During the weekend we work together in ceremony and open the portals of interstellar communication; through ancient shamanic practices we prepare the physical, mental and spiritual body to receive the new frequencies, to then be initiated into the Star Gates, learn to channel the Pleiades and bring balance, well-being and awakening to yourself and to others. Throughout the course we will also offer the interpretation of your dreams and visions according to the original Mayan calendars.

The teachings, initiations and practices were transmitted to Cinzia through direct contact with the Mayan oral tradition, they cannot be found in books or on the internet.

Fundamental elements of the course :

Pleiades Initiation

Purification of ancestral lines

Mayan interstellar healing techniques

Channelling the Pleiades

The Guardians of Star Medicine

Activation of the evolutionary platform

Interpretation of shamanic dreams

Unplug from the daily routine and tap into the magic of mayan cosmology on our weekend residential course at Xo Ki'in Eco-retreat centre inside the Unesco site of Sian Ka'an Biosphere outside Tulum, the best place to watch the stars and connect to the elements, with a private beach, lagoon and jungle all around. We will spend time outdoors to connect with nature and time indoors for deep ancestral purification, initiations and shamanic dreams. The workshop starts at 3 pm on Friday and ends at 5 pm on Sunday. At the time of booking you will receive the course schedule and all practical details.

And if you don't have means of transportation, you can get a ride with me from Tulum.

At the end of the seminar you will receive a certificate of attendance from Ixchel Healing Arts and will have access to future Pleiades healing courses in Tulum and around the world.

The course is not suitable for people suffering from heart disease, epilepsy or mental disorders.

Ixchel Healing Arts is a small ethical company born in Tulum in 2014 as Ixchel Healing Arts Studio, today a thriving international shamanic school.

Cinzia Sarigu

Founder of Ixchel Healing Arts, Cinzia Sarigu has over 20 years experience in healing, ceremony and shamanism. Born in Sardinia, she lives abroad since 1995 and teaches internationally in different languages. Cinzia was initiated into the Mayan mysteries by the wisdom keepers in Mexico and Guatemala, and teaches how to channel the Pleiades for the well-being of people and planet. Cinzia lived in England for many years where she was initiated into the mysteries of Avalon and trained as a permaculture teacher with the Permaculture Association of Britain. Her permaculture background led her to design and coordinate sustainable and regenerative projects also in Mexico and Guatemala, where she lived and worked with indigenous communities, therefore her teachings have a strong Mayan and Toltec influence. In recent years Cinzia returned to her ancestral land and has since been teaching Sardinian esoteric mysteries and star lore. She always loves coming back to Tulum and share with the wonderful diverse community that keeps growing.
